3) The Budget estimates duly scrutinised are retransmitted with the following observations -

4) 1 Though the belated submission of the Corporation budget for 1952-53 was required to be avoided in future - vide G O. No.10130-33/C M 15-52-2 dated 24-9-1952 the budget estimates for 1953-54 have been received long after the commencement of the official year contrary to Section 167 of the Corporation Act

5) 2 The reconciliation between the cash accounts and the ledger accounts under debt heads like advances, deposits, Education cess etc , has not so far been done in the Accounts Branch of the Corporation and the correctness of the ledger balances is not therefore susceptible of any verifications In the budget estimates now under review provision is made for the payment to Government of the Education and Health Cesses collected during the current year without any provision being made for payment of these cesses collected in previous years As per cash accounts of the Corporation for February 1953 the closing balance under Education Cess Fund is seen to be Rs 3,44,516-15-10 which stands merged in the General funds of the Corporation without being paid to Government. This is highly irregular The heavy arrears-due-in-this-behalf have at least to be paid in instalments.

6) 3 In preparing the budget estimates, the figures entered by the Corporation under the column "Budget 52-53" are those sanctioned by that body instead of those sanctioned by Government This is

SECRETARY TO GOVT. OF MADRAS
20 MAY 1953
P W S G DEPARTMENT

This is misleading The Corporation may be required to incorporate the estimates as sanctioned by Government in the copies to be got printed and adopt this course in future

7) 4 A General review of the budget estimates indicates that inspite of the observation of Government on last year's budget that the Corporation is under taking new schemes of a recurring nature without reference to financial resources, the same tendency is noticed in the estimates for 1953-54 also under receipts, excessive provision without any bearing on the actuals of previous years or the revised estimates of 1952-53 are seen to have been made under principal heads of revenue, Government grants etc ~~are~~ and the expenditure estimates are worked up to such ~~inflated~~ inflated anticipated receipts An analysis of the total charges on establishment and salaries of all kinds shows that the charges on these accounts are nearly 30% of the total anticipated receipts which is abnormally high. There seems to be urgent need for effecting retrenchments and thus reduce expenditure under these heads The Corporation may be requested to explore ways and means in this behalf with a view to stabilise its finances.

8) 5) The receipts and expenditure items in the budget have been reviewed carefully and the following is the financial position after effecting the modifications proposed in audit for the reasons explained against each in the enclosed statement.

	As proposed	As modified
Opening Balance		

	As proposed	As modified
Opening Balance	1,22,500 ✓	1,22,500
Receipts	1,04,09,800 ✓	92,85,400
Total	1,05,32,300 ✓	94,07,900 ✓
Expenditure	1,03,94,100 ✓	93,03,300
Closing Balance	1,38,200 ✓	1,04,600 ✓

FINAL ABSTRACT

	opening balance	Revised	Total	Expenditure	Closing Balance
Service Heads	1,22,500	92,85,400	94,07,900	93,03,300	1,04,600
Debt Head	6,40,600	21,75,800	28,16,400	26,21,100	1,95,300
TOTAL	7,63,100	114,61,200	122,24,300	119,24,400	2,99,900

9) The financial position of the Corporation is not satisfactory as could be seen from the above figures, the closing balances anticipated at the end of 1953-54 being barely the minimum prescribed under the Corporation Act During 1952-53, there was a heavy fall in revenue as against sanctioned estimates under the following hea

Head of Accounts	Sanctioned by Government or by Corporation	Revised Estimates for 1952-53
Tax on buildings and lands	11,11,290/-	9,74,000/- ✓
Sanitary Cess	4,56,150/- ✓	3,82, 800/- ✓
Markets rents from shops and stalls	3,00,000/-	2,30,000/- ✓
Sale of sites and buildings	6,80,000/- ✓	1,13,000/- ✓

10) Unless the Corporation makes an allround effort to collect its revenue as anticipated in the budget during 1953-54 and simultaneously keeps a check on avoidable expenditure though provision

provision therefore may exist in the budget, there is the risk of further deterioration of the financial condition during the current year.

11) Incidentally it may be pointed out that all amounts due to Government have not been fully provided for in the budget. For instance, the provision of Rs.21,33,500/- made under 6 Water supply and Drainage - maintenance of water works and supply of water including unfiltered water supply is made up of the arrears due to end of March 1953 as per explanatory memo of the Commissioner while a sum of Rs 16,17,000/- due for 1953-54 is not provided. If due provision is made on this account in the budget. the financial position would be still worse.

12) The following figures indicate the balances under the several debt heads as worked out from the plus and minus memo of debt head balances appended to the Cash Accounts for February 1953.-

	Assets (minus)		Liabilities (Plus)
Loan Sinking fund investment accounts	16,75,023- 2- 9	Public debt	20,00000- 0- 0
Other investments	1,500- 0- 0	Health Cess	13687- 3- 2
Advance	16,43,856- 5- 2	Loan Sinking Fund	15,01957-15- 1
Stock	3,57,514- 3- 8	Education Cess	3,44516-15-10
		Deposits	22,35957- 4- 3
		Other Heads	16610- 8-11
Total	36,77,893-11- 7	Total	61,12729-15- 3
	NET ---	---	24,34,836-4-8

(the total as erroneously struck in the Cash account is 22,61,199-13-9)

13) The outstanding liabilities are nearly one fifth of the annual receipts under service heads indicating that the normal receipts of the Corporation are far below the normal expenditure The Corporation should take energetic action to analyse the outstanding liabilities and see that all adjustable items

items are adjusted in the accounts to reduce the liabilities to the minimum Efforts must be made to improve its financial position and aggment its resources considerably by adopting a go-slow polic:

(c) The following were the defects noticed in the preparations of the budget estimates

a) while a sum of Rs.80,000/- is provided towards contribution to loan sinking fund under D Interest and Sinking fund account this amount is omitted to be taken as a receipt under loan sinking fund investment account under debt heads The omission is supplied in the course of verification.

b) provision of Rs 10,0000/- made towards Tax on Government buildings under C water supply and Drainage account ~~shall~~ should be transferred under Management General Taxation. The provision made has however been deleted.

c) The amount provided for payment of education cess under debt heads is Rs.1,57,200/- whil as per general abstract on page 5 of the budget the amount is indicated as Rs 5,62,500/- It was seen that this latter amount was inclusive of the provision of Rs 40,5300/- under loan sinking fund Errors of the kind may be required to be avoided

19 The modifications suggested by the Controller, S A to may perhaps be accepted as the following Corrections

Receipts Side

17) Item 6 Excise Surcharge fees — The Controller has proposed Retaining a provision of Rs 22,500/- as against Rs 45 000/ proposed by the Corporation ~~Since~~ But orders have issued recently from the S R Branch for discontinuance of this levy from the current year Hence the entire provision on this score may have to be deleted

18) C Water Supply and drainage II Tax on Cost Buildings — Orders have been issued to pay property Tax for the period from the date of amalgamation of the Corporation upto the date of assessment (the Act came from 21.12.49 to 23-6-51) The Chief Engineer has also instructed the C & B Dept to furnish a list of Cost Buildings to the Corporation Thereon ~~Since~~ there

is therefore every possibility of the tax on these buildings being collected the provision proposed by the Corporation may perhaps be retained if this provision is deleted as suggested by the Controller, the Corporation may feel apprehensive that the Govt is not seriously minding to pay more than their dues despite the orders issued on this behalf

Expenditure Side

19) Court establishment and dues paid charges, etc The Controller has proposed deletion of the entire provision on this account for the reason that the Govt have not yet issued the establishment of a separate court for the Corporation The High Court has agreed to the establishment of the Court and the Corporation has accepted the conditions necessary for the establishing the Court The file has been referred to the Law Dept for the issue of orders If orders to establish the Court may

25500 may come at least 50% of the provision proposed by the Corporation may perhaps be retained

20) IV Public Health Education Charges

The Corporation has proposed a provision of Rs 5,000/- on this account. The Controller has reduced it to Rs 1,200/. The revised estimate for 52-53 is Rs 2,200/. Hence the same provision of Rs 2 200/ may be made this year as such propaganda has considerable educative value in ~~[illegible]~~ promoting civic sense in the people

21) E Miscellaneous Account – Lumpsum provision for addnl Staff and Pension, and amenities to Sweepers and Scavengers

The Corporation has proposed a provision of Rs 2,05 000/- The Controller has reduced it to Rs 1,42,000/. The proposals of the Corporation to enhance pay, leave benefits, clothing, gratuity etc, to Sweepers and Scavengers involving an extra cost of Rs 176 527 has just now been sanctioned. Hence it may be necessary to retain a provision of at least Rs 1,80 000/

Budget estimates of the Corporation for 1953-54

22) If the changes on the Controllers figures suggested on the note on the pre-pages are accepted, the following consequences will ensue

(a) There will be a net addition to the anticipated Receipts of Rs 77,500/

(b) There will be an addition of Rs 54 000/- to the Sum proved for expenditure

(c) The closing balance will come to Rs 23,500/-

23) with the above modifications the abstract figures will be as follows:-

	Total -	Rs 94,85,400/

27) As regards Para 21, the provision of Rs 1,75 000 may be retained

A statement showing the actual ~~xxx~~ accounts for the year 1951-52, those proposed by the Corporation and sanctioned by Government for the year 1952-53 and the figures suggested by the Corporation with the modifications by the Secretariat for the

year 1953-54 is placed below It will indicate, at a glance, the budgetary position of the Bangalore Corporation The receipts for the year 1951-52 was only 68 39 lakhs In the sanctioned budget of 1952-53 the receipts anticipated were 91 56 lakhs I understand the actual figure does not exceed 87 lakhs In view of this the receipt of 104 09 lakhs anticipated by the Corporation for 1953-54 is highly inflated On the basis of this inflated receipts, they have proposed inflated expenditure It is not correct to spend money in anticipation of receiving something which may not ~~actually~~ be actually realised The alterations that have been made in the budget by the Secretariat have been based upon the realisation of the necessities of the situation The expenditure has been cut down proportionately in respect of all items and as far as possible limited to the actuals of the previous year

The Draft G O may be approved

The remarks of the Controller on the financial position of the Corporation are revealing It indicates that the state of affairs is not very satisfactory There is need for economy and a proper husbanding of resources The remarks of the Controller will be communicated by a separate letter to the Corporation

A general review of the Budget estimates indicates that the Corporation is undertaking new schemes of a recurring nature without reference to the financial resources. Under Receipts likewise provision without any bearing on the actuals of previous years or the revised estimates are made under principal heads of revenue Govt grants etc and the expenditure worked up to such inflated anticipations thus will not reflect the correct financial position.

Kindly shows that these charges on this account for 30% of the total anticipated receipts. There seems to be need for effecting retrenchment and to reduce expenditure during the year 1952-53 heavy fall in revenue are noticed under the following heads:

Unless efforts are made to collect the anticipated revenue and keep a check over avoidable expenditure despite the budget provision existing therefor there is the risk of the financial condition deteriorating further during this year.

The figures of balances under the several debt heads as worked out from the slips and memos disclosed that the outstanding liabilities are nearly one fourth of the annual receipts under service heads indicating that the normal receipts are far below the normal expenditure. Efforts must be made to reduce the outstanding liabilities and also to improve the finances.

Slum Clearance	1,00,000	75,000	On account of the poor finances

With the above modifications the abstract figures of the Budget will be as follows:-

Opening Balance	Rs.	1,22,500/-
Receipts	"	93,48,900/-
Total	"	94,71,400/-
Expenditure	"	93,23,800/-
Closing Balance	"	1,47,600/-

A general review of the Budget estimates indicates that the Corporation is undertaking new schemes of a recurring nature without reference to the financial resources Under receipts excessive provision without any bearing on the actuals of previous years or the revised estimates are made under principal heads of revenue, Government grants etc., and the expenditure worked upto such inflated anticipation This will not reflect the correct financial position.

An analysis of the charges on establishment and salaries of all kinds shows that these account for 30% of the total anticipated receipts. There seems to be need for affecting retrenchment and reduce expenditure.

During the year 1952-53 heavy fall in revenue is noticed under the following heads -

Heads		Sanctioned	Revised
Tax on buildings and lands	Rs	11,11,290	9,74,000
Sanitary cess	"	4,56,150	3,82,800
Markets - Rents from shops and stalls	"	3,00,000	2,30,000
Sale of sites and buildings	"	6,80,000	1,13,000

Unless efforts are made to collect the anticipated revenue and keep a check over avoidable expenditure despite the budget provision existing therefor, there is the risk of the financial condition deteriorating further

further during this year.

The figures of balances under the several debt heads as worked out from the plus and minus memo disclose that the outstanding liabilities are nearly one-fourth of the annual receipts under service heads indicating that the normal receipts are far below the normal expenditure. Efforts must be made to reduce the outstanding liabilities and also to improve the finances.

Sir,

In continuation of G.O. No. L 2829-35/CM 15-53-5 dated 1.6.53 sanctioning the Budget estimates of the Corporation for the year 1953-54, I am directed to state that ~~the Controller of Accounts has referred for scrutiny the~~ the reconciliation between the cash accounts and the ledger accounts under debt heads like advances deposits Education Cess etc., has not seem to have been so far done in the Accounts Branch of the Corporation and the Correction of the ledger balances therefore not accepted by

Verifications There may be
added to

provision which has been
made in the Budget estimates
for the payment to Cost of
the Education and Health Cesses
Collected during the year only
whereas any provision being
made for payment of Cesses
Collected in the previous years
The Controller reports that
as per cash account of the
Corporation for February 1953
the closing balance under
Education Cess Fund is Rs 3,44 516-15-10
which stands merged in the
general funds of the Corporation
whereas being paid to Government
This is subject to irregular and
the heavy arrears due on this
behalf have at least to be
paid in instalments.

It may also be pointed out
here that all accounts due to
Cost have not been fully provided
for in the Budget Estimates
Example the provision of Rs 21 33,500/
under 6- Water supply and Drainage
Maintenance of water works ~~including~~ and
Supply of water including unflitered

Water Supply is made up of the arrears due to the end of March 53 as per your Explanatory memo & also a sum of Rs 16,17,000/- due for 53-54 is not provided for. If these is reckoned the financial position of the Corporation will be very much worse

The amount provided for payment of Education on Under debt heads is Rs 1,57,00 also as per general abstract on page 5 of the Budget the amount is calculated as 5,62,500/- The total amount is obtained by deducting 40,5300 of the provision of Rs 40,5300/- under Loan Sinking Fund. Errors of this kind should be avoided.

In preparing the Budget Estimates the figures originally adopted & sanctioned by the Corporation have been entered under the Column Budget - 52-53 and not those sanctioned by the Govt. The Budget as sanctioned by Govt is final

under sec 167 (2) of the Corporation Act and altering any other figure in this column is misleading and should be avoided strictly.

To

The Commissioner,
Corporation of the City of Bangalore,
(thro' the Mayor)

Sir,

In continuation of Government Order No L.2829-35/CM. 15-53-5 dated 1st June 1953 sanctioning the Budget Estimates of the Corporation for the year 1953-54, I am directed to state that the reconciliation between the cash accounts and the ledger accounts under debt heads like advances, deposits, education cess, etc., does not seem to have been so far done in the Accounts Branch of the Corporation and the correctness of the ledger balances is therefore not susceptible of verifications This may be attended to.

Provision has been made in the Budget Estimates for the payment to Government of Education and Health Cesses collected during the year only without any provision being made for payment of cesses collected in the previous years The Controller reports that as per each account of the Corporation for February 1953 the closing balance under Education Cess Fund is Rs 3,44,516-15-10, which stands merged in the general funds of the Corporation without being paid to Government This is irregular and the heavy arrears due in this behalf have at least to be paid in instalments

It may also be pointed out here that all amounts due to Government have not been fully provided for in the Budget For example, the provision of Rs 21,33,500/- under "6-Water supply and drainage -maintenance of water works and supply of water including unfiltered water supply is made up of the arrears due to the end of March 1953 as your explanatory memo while a sum of Rs 16,17,000/- due for 1953-54 is not provided for. If this is reckoned the financial position of

position of the Corporation will be very much worse.

The amount provided for payment of Education Cess under debt heads is Rs.1,57,000/- while as per general abstract on page 5 of the Budget the amount is indicated as Rs.5,62,500/- The latter amount is obviously inclusion of the provision of Rs.4,05,300/- under loan sinking Fund. Errors of this kind should not be avoided.

In preparing the Budget estimates, the figures originally adopted by the Corporation have been entered under the column "Budg 52-53" and not those sanctioned by the Government. The Budget as sanctioned by Government is final under Section 167 (2) of the Corporation Act and entering any other figure in this column is misleading and should be avoided strictly.

While printing the Budget, the figures recommended by the Corporation have been adopted. This is not correct. The figures that have been approved by Government, have to be retained in the Budget that is to be printed.

DETAILED EXPLANATORY NOTE ON THE BUDGET ESTIMATES OF THE MUNICIPAL CORPORATION, BANGALORE, FOR THE YEAR 1953 - 1954.

DETAILED EXPLANATORY NOTE ON THE BUDGET ESTIMATE OF THE MUNICIPAL CORPORATION, BANGALORE, FOR THE YEAR 1953-54

*****

R E C E I P T S

A GENERAL ACCOUNT - 1 MANAGEMENT

1 1 GENERAL TAXATION - (1) OCTROI RECEIPTS - (page 6)

Budget Estimate	1952-53	Rs.	21,25,000
Revised "	1952-53	Rs.	18,17,000
Budget "	1953-54	Rs.	21,54,000

The estimate for the year 1952-53 was based on the actuals of the previous year Owing to market fluctuations, unsettled market conditions and less of import of piecegoods, there was a gradual decrease in collection and hence the revised estimate for the year 1952-53 was reduced to Rs.18,17,000 based on the actuals As the huge stock of piecegoods now with the merchants is expected to be sold early and fresh consignments would be imported early, receipts for the year 1953-54 is anticipated to be about Rs.19,00,000 In addition to this a further sum of Rs 2,54,000 is expected to be realised by the levy of octroi on raw cotton and raw wool for which action is being taken separately

(2) OCTROI REFUNDS

Budget Estimate	1952-53	Rs.	1,20,000
Revised "	1952-53	Rs.	1,36,000
Budget "	1953-54	Rs.	1,00,000

The provision of Rs.1,20,000 for the year 1952-53 was found to be insufficient as many bills of 1951-52 were paid only at the commencement of year 1952-53 The revised estimate was therefore placed at Rs 1,36,000 The provision for the Budget year is reduced to Rs.1,00,000 as the number of refund bills may not be as much as in any of the previous years

(3)

(2)	Tax on Buildings and Lands	Page 6
(2)	Sanitary Cess	" 11
(1)	Lighting Tax	" 13
(1)	Water Tax on private buildings	" 14

The above four kinds of taxes come under the Head Assessed Ta The original demand (before revision) under this head was 20,29,400 excluding arrears and as a result of revision of assessment of houses, this demand was raised to P 28,68,500 Including the arrears of Rs.5,37,600 the total demand for the year 1952-53 was Rs 34,06,100

ovision was made in the Budget for a total collection of Rs.29, lculated at 90 % of the demand for the Civil Station area and 85 the City area, but this target could not be reached on account of issue of bills lately in the year The provisions were therefore odified as follows

(a)	Tax on buildings and lands	Rs. 9,74,000
(b)	Sanitary Cess	Rs 3,82,800
(c)	Lighting Tax	Rs 2,00,300
(d)	Water Tax	Rs. 9,96,000
		25,53,100

The provision for the Budget year is fixed as follows -

	Demand including Arrears	Collection
(a) Tax on Buildings and lands	14,07,052	12,18,400
(b) Sanitary Cess	5,69,193	4,92,900
(c) Lighting Tax	2,75,733	2,38,900
(d) Water tax	14,65,942	13,00,100
	37,17,920	32,50,300

The collection works out to 87 % of the demand

(4) ENTERTAINMENT TAX

Budget Estimate	1952-53	Rs. 10,59,000
Revised "	1952-53	Rs. 6,14,000
Budget "	1953-54	Rs. 9,17,000

As against the sum of Rs.10,59,000 anticipated during the year 1952-53 only a sum of Rs.6,14,000 was realised, Rs. 5,28,000 from Government and the remaining sum of Rs.86,000 by departmental collections

The provision made for the year 1953-54 represents the following -

CITY AREA -

Arrears for previous years	Rs. 59,000
Arrears for 1952-53	Rs. 2,00,000
Current for 1953-54	Rs. 2,00,000

CIVIL STATION AREA -

Arrears for 1952-53	Rs. 40,000
Current for 1953-54	Rs. 1.80,000
Arrears of entertainment tax collected in Race Club Cess	
Departmental collection charges	
	Rs. 2,38,000
	Rs. 9,17,000

DETAILED EXPLANATORY NOTE ON THE BUDGET ESTIMATE OF THE MUNICIPAL CORPORATION, BANGALORE, FOR THE YEAR 1953-54.

*****

R E C E I P T S

A. GENERAL ACCOUNT - 1. MANAGEMENT.

1. 1.GENERAL TAXATION - (1) OCTROI RECEIPTS - (page 6)

Budget Estimate	1952-53	..	Rs. 21,25,000
Revised "	1952-53	..	Rs. 18,17,000
Budget "	1953-54	..	Rs. 21,54,000

The estimate for the year 1952-53 was based on the actuals of the previous year. Owing to market fluctuations, unsettled market conditions and less of import of piecegoods there was a gradual decrease in collection and hance the revised estimate for the year 1952-53 was reduced to Rs.18,17,000 based on the actuals. As the huge stock of piecegoods now with the merchants is expected to be sold early and fresh consignments would be imported early, receipts for the year 1953-5 is anticipated to be about Rs.19,00,000. In addition to this a further sum of Rs.2,54,000 is expected to be realised by the levy of octroi on raw cotton and raw wool for which action is being taken separately.

(2) OCTROI REFUNDS -

Budget Estimate	1952-53	..	Rs. 1,20,000
Revised "	1952-53	..	Rs. 1,36,000
Budget "	1953-54	..	Rs. 1,00,000

The provision of Rs.1,20,000 for the year 1952-53 was found to be insufficient as many bills of 1951-52 were paid only at the commencement of year 1952-53. The revised estimate was therefore place at Rs.1,36,000. The provision for the Budget year is reduced to Rs.1,00,000 as the number of refund bills may not be as much as in any of the previous years.

(3)

(2)	Tax on Buildings and Lands	Page 6
(2)	Sanitary Cess	" 11
(1)	Lighting Tax	" 13
(1)	Water Tax on private buildings	" 14

The above four kinds of taxes come under the Head Assessed The original demand (before revision) under this head was 20,29,400 excluding arrears and as a result of revision of assessment of houses. this demand was raised to Rs.28,68,500. Including the arrears of Rs.5,37,600 the total demand for the year 1952-53 was Rs.34,06,100.

Provision was made in the Budget for a total collection of Rs.29,66,600 calculated at 90 % of the demand for the Civil Station area and 85 % for the City area; but this target could not be reached on account of issue of bills lately in the year. The provisions were therefore modified as follows -

(a) Tax on buildings and lands	.. Rs.	9,74,000
(b) Sanitary Cess	.. Rs.	3,82,800
(c) Lighting Tax	.. Rs.	2,00,300
(d) Water Tax	.. Rs.	9,96,000
		25,53,100

The provision for the Budget year is fixed as follows:-

	Demand including Arrears.	Collection
(a) Tax on Buildings and lands	14,07,052	12,18,400
(b) Sanitary Cess	5,69,193	4,92,900
(c) Lighting Tax	2,75,733	2,38,900
(d) Water tax	14,65,942	13,00,100
	37,17,920	32,50,300

The collection works out to 87 % of the demand.

(4) ENTERTAINMENT TAX -

Budget Estimate 1952-53	.. Rs.	10,59,000
Revised " 1952-53	.. Rs.	6,14,000
Budget " 1953-54	.. Rs.	9,17,000

As against the sum of Rs.10,59,000 anticipated during the year 1952-53 only a sum of Rs.6,14,000 was realised. Rs. 5,28,000 from Government and the remaining sum of Rs.86,000 by departmental collections.

The provision made for the year 1953-54 represents the following:-

CITY AREA -

Arrears for previous years	.. Rs.	59,000
Arrears for 1952-53	.. Rs.	2,00,000
Current for 1953-54	.. Rs.	2,00,000

CIVIL STATION AREA -

Arrears for 1952-53	.. Rs.	40,000
Current for 1953-54.	.. Rs.	1,80,000
Arrears of entertainment tax collected in Race Club Cess Departmental collection charges.	..	2,38,000
	Rs.	9,17,000

The above provisions are fixed on the assumption that the Government will pass early orders entrusting the collection work to t Corporation very early.

(5) (8) SUNDRY RECEIPTS (SALE PROCEEDS OF OLD MATERIALS) CLOTHING ETC., (page 7)

Budget Estimate	1952-53	.. Rs.	100
Revised	1952-53	. Rs.	3,100
Budget "	1953-54	. Rs.	3,000

The increased provision in the Revised Estimates and in the current Budget year is on account of realisations representing recovery of cost of clothing supplied to Corporation Employees drawing above Rs.40/- p.m.

(6) (9) SALE AND SUBSCRIPTION OF FORTNIGHTLY MAGAZINE (Page 7)

Budget Estimate	1952-53	.. Rs.	7,200
Revised "	1952-53	..	-
Budget "	1953-54	..	2

The Corporation provided for a sum of Rs.7,200 on account of the anticipated realisation by sale and subscription of the fortnightly magazine proposed to be started for which a provision of Rs.16,800 was made in the expenditure side of the Budget, but in view of the recent Government order stating that all our publications will have to be made in other dailies as hereto before, the original expectation of effecting saving under Advertisement charges is not fulfilled and there will be a loss of about Rs.10,000 as we have to meet the usual advertisement charges. The starting of the journal may therefore be postponed to a future date when financial position improves.

(7) II EDUCATION - GOVERNMENT GRANTS (Page 7)

Budget Estimate	1952-53	.. Rs.	3,94,300
Revised "	1952-53	.. Rs.	49,000
Budget "	1953-54	.. Rs.	3,85,000

The position as regards this grant is as stated below:

The Government of Mysore agreed to the division of expenditure on municipal schools in the Civil Station on 50 % basis from the year 1945-46. Accordingly figures were worked out for the arrears of grant due to the Civil Station Municipal Commission from the year 1945-46 and a claim was preferred through the Inspector of Schools. In spite of repeated reminders, only a part payment of Rs.24,845-4-11 was received in March 1952 and Rs.49,000 in March 1953. The balance of grant including the grant for the year 1952-53 is pending payment. As the Government have since written to state that no provision

is made in their current year's budget for payment of grant, and that provision will be made for this purpose in the next year's budget, the budgetory position of the Corporation is upset. Provision is accordingly made in the next year's budget. The details of grants due by the Government are as hereunder. The figures are only provisional as they are pending audit.

Revised	1952-53	..	Rs. 4,000
Budget	1953-54	..	Rs. 15,000

It was anticipated that with the establishment of a Court by the Corporation all fines pertaining to the City Area which are now credited to Government will be realised by the Corporation and necessary provision was made in the Budget for 1952-53. As this proposal did not materialise so far, the anticipated revenue could not be realised. Another reason for a fall in receipt is on account of stoppage of taking samples of adulterated food-stuffs for some months when the Public Analysist was on leave and when the samples could not be analysed for want of a substitute.

The provision for 1953-54 is the anticipated realisation for that year and is more than that of the current year in view of an assistant to the Public Analysist having since been appointed and this will ensure a speedy analysis of the food-stuffs and the offenders booked. This Revenue will exceed with the establishment of the proposed Court.

Revised	1952-53	..	Rs.60,000
